

**QUALITY & PRECISION  
WHEN THERE'S NO TIME TO WAIT**

## Oilfield Manufacturing & Machining Equipment

Our machining offers a multitude of capabilities for prototype die and mold builds. Our machines deliver power, speed, and accuracy to any job with tool paths, tool geometry, fixturing data and locating parts all developed to ensure that set ups are quick and dimensions consistent. Our standard of precision reduces secondary work and avoids project delays.

### Our facility features the following equipment:

- Mazak M5-N Turning Centers
- Mazak Nexus 250-II MY Turning Centers
- Mazak Nexus 300 Turning Centers
- Mazak Nexus 350 Turning Centers
- Mazak Nexus VTC 200B Turning Centers
- Mazak Nexus VTC 16D Turning Centers
- Mazak Nexus VTC 200C Turning Centers
- Mazak Nexus 510C-II Turning Centers
- Mazak Nexus 510C Turning Centers
- El Dorado M60 Gun Drills
- Foster 2530 Press
- Acura 18x80 Lathes
- Acura 22x90 Lathes
- Acura 15x60 Lathes
- TechniDrill BTA Gun Drilling System
- HEM Cyclone-4 / H90-A
- Sunnen HL-80
- Sherr Tumico Comparator
- MicTrac MT3000 Gagemaker
- Sato Hardness Tester
- Telesis Tmp 6100
- Cad Control Pressure tester (20k psi)
- Much, Much More!

Put our expertise in custom machining and manufacturing to work for you. We are ready to help.
